BETTER CROPS WI

The Pocket Boo

TABLE OF CONTENTS

JANUARY 1946

Tomorrow ..... *Jeff McDermid* 3
A New Legume for the South, Wild Winter Peas ..... *A. D. Suttle* 6
Crop Production Horizons ..... *C. J. Chapman* 9
The Fertilizer Rate Problem ..... *R. E. Stephenson* 16
The Use of Clover in Rotation on Rice Land in Louisiana ..... *T. C. Beasley* 19
The Sources of Potash for Flue-cured Tobacco ..... *F. A. Stinson* 20
A New Machine for Deep Fertilization ..... *E. W. Nordlinger* 23
Potash Increases Tomato Yield and Quality ..... *George R. Cobb* 26
Soybeans Need Lime, Phosphorus, Potash ..... *A. L. Lang* 38

FEBRUARY 1946

Tenderfoot Tale ..... *Jeff McDermid* 3
Profit on Mississippi Soils from One Ton of Potash Under Cotton ..... *C. Dale Hoover* 6
Plow-Sole Placed Plant Food for Better Crop Production ..... *C. J. Chapman* 10
Boron Deficiency of Lettuce ..... *A. R. Midgley and D. E. Dunklee* 17
Correcting Potash Deficiency in Growing Corn ..... *John B. Washko* 21
"Thank You Farm" ..... *T. S. Buie* 24

MARCH 1946

Wheat Winnowings ..... *Jeff McDermid* 3
Tomatoes Are a Field Crop in Western Ohio ..... *John Bushnell* 6
Pasture Possibilities on Coastal Plain Hills ..... *Lester L. Loftin* 9
The Story of Potash ..... *A. B. Beaumont* 11
Field Trials with Fertilizers In South Dakota—1945 .. *W. W. Worzella and Leo F. Puhr* 14
Sweet Potatoes Are Proving New Gold for the South ..... *Fred J. Hurst* 19
Fertilizer Placement for Corn in Kentucky ..... *G. L. Terman* 23
Aiming for Higher Goals ..... *J. C. Holm* 26
Seek Tests for Quality ..... *H. C. Diehl* 41

APRIL 1946

Rice Resurgent ..... *Jeff McDermid* 3
Potash Losses on the Dairy Farm ..... *A. R. Midgley and K. E. Varney* 6
Muck Soils Produce Quality Sweet Corn for Canning ..... *N. K. Ellis* 11
Alfalfa in Mississippi Decreased as Soil Fertility Declined ..... *H. B. Vanderford* 14
Soil Conservation Districts and District Supervisors in South Carolina *E. C. McArthur* 17
Plow-Under Fertilizer Ups Corn Yields ..... *E. P. Reed and F. J. Salter* 19
Potash Treatment Makes Better Sweet Clover ..... *H. J. Snider* 23
Potash Pays Good Dividends in Louisiana ..... *R. A. Wasson* 25
Rich Fog in the Hollows ..... *G. D. Scarseth* 26

MAY 1946

Parity and Charity ..... *Jeff McDermid* 3
Learn Hunger Signs of Crops ..... *E. E. DeTurk* 6
I Saw It Happen in the Soil-testing Laboratory ..... *Ivan E. Miles* 13
Recipe for Writing the Ag News Story ..... *Marjorie B. Arbour* 15
Efficient Fertilizers Needed for Profit in Cotton ..... *W. L. Nelson* 17
The Soil Is Our Heritage ..... *Francis Murray* 21
Corn Production in Mississippi ..... *J. M. Weeks* 25

WH PLANT FOOD

Bo of *Agriculture*

January 1946 to December 1946

JUNE-JULY 1946

Land Lore ..... *Jeff McDermid* 3
Improved Production on Rubber Plantations ..... *W. E. Cake* 6
Dynamic Sassafras Soils ..... *George R. Cobb* 13
The Newest Potato Pest—Golden Nematode ..... *Charles E. Gapen* 16
A Machine for Deep Fertilizer Placement ..... *A. C. Caldwell and C. O. Rost* 20
Mistakes Versus Essentials of Pond Management for Fish ..... *Verne E. Davison* 21
Pastures in Mississippi Produce Profits ..... *Jack Flowers* 24
Potash: The Sugar Maker ..... *George D. Scarseth* 26

AUGUST-SEPTEMBER 1946

Fertile Dirt ..... *Jeff McDermid* 3
South Mississippi Soils Produce Fine Pastures and Livestock When Minerals Are Applied ..... *H. B. Vanderford* 6
Meet the King of Queens ..... *L. O. Brackeen* 13
Trends in Use of Major Plant Foods ..... *M. H. Lockwood* 15
For Farms and Game Preserves, Bicolor Lespedeza ..... *Verne E. Davison* 22

OCTOBER 1946

Let Us Boost the Bee ..... *Jeff McDermid* 3
Soil Testing—A Practical Aid to the Grower and Industry ..... *Jackson B. Hester* 6
Plant Breeding in Relation to Soil Fertility and Climate ..... *Fred H. Hull* 12
Soil Aeration Affects Fertilizer Needs ..... *Kirk Lawton* 15
The Burtons Farm to Feed People ..... *Fred J. Hurst* 19
Tip-Burn-Like Condition in Greenhouse Lettuce Corrected by Borax ..... *E. E. Greer* 23
Tropical Kudzu ..... *E. A. Telford and N. F. Childers* 24
The Use of Caley Peas in Alabama's Black Belt ..... *Kenneth B. Roy* 26

NOVEMBER 1946

Cluttered Calendars ..... *Jeff McDermid* 3
Mechanical Production of Cotton in the Yazoo-Mississippi Delta ..... *J. E. Adams and P. W. Gull* 6
Fertilizer Inequalities . . . Can They Be Corrected? ..... *T. B. Hutcheson, M. H. McVikar, and S. S. Obenshain* 11
Using Potash in Soil Conservation ..... *W. G. Lowry* 15
Soil Requirements for Red Clover ..... *H. J. Snider* 17
Crop Requirements for Available Potash ..... *Eric Winters* 20
Three Thousand Miles to Market ..... *E. R. Jackman* 25

DECEMBER 1946

Sundry Other Sundays ..... *Jeff McDermid* 3
Farm Mechanization in Relation to Cotton Quality and Marketing ... *Francis L. Gerdes* 6
How Guernsey Calves Helped Solve a Feed and Crop Fertilization Problem ... *E. R. Kuck* 9
Alfalfa—A Crop to Utilize the South's Resources ..... *J. A. Naftel* 14
A Discussion of Soil Analyses on the Forested Coastal Plain, Bottomland Coast Prairie, and Cross Timbers of Texas ..... *M. F. Wichman* 17
Fertilizing & Cropping Systems for Flue-cured Tobacco ..... *F. A. Stinson* 21
Hugh Bennett's Homecoming ..... *Gordon Webb* 25
